**REGISTRATION IS OPEN FOR 2020 CFSEI EXPO
TO BE HELD MAY 19-20 IN TAMPA, FLORIDA**

WASHINGTON, DC – The Cold-Formed Steel Engineers Institute (CFSEI) is now accepting registrations for the 2020 CFSEI Expo, which will be held May 19-20, 2020 at the Marriott Tampa Water Street, 505 Water Street in Tampa, Florida. This event is designed for architects, builders/contractors and engineers, with an educational program geared toward both skilled cold-formed steel (CFS) framing professionals as well as newcomers. The 2020 CFSEI Expo will also include an exposition featuring state-of-the-art innovations, technologies and principles in cold-formed steel framing. The two-day conference is the only one of its kind dedicated to the cold-formed steel framing industry.

The Expo will feature 15 continuing education sessions, industry-recognized speakers, an exhibit hall and networking opportunities. Sponsorship opportunities are available at the Platinum, Gold, Silver, Bronze and Supporter levels.

The Marriott Tampa Water Street is offering a special room rate for 2020 CFSEI Expo attendees. Reservations must be made by Monday, April 20, 2020. Registration and additional Expo information is available at <https://www.cfsei.org/2020-cfsei-expo>.

The Cold-Formed Steel Engineers Institute comprises hundreds of structural engineers and other design professionals who are finding a better way to produce safe and efficient designs for commercial and residential structures with cold-formed steel. CFSEI members work together to develop and evolve industry standards and design methods, produce and issue technical bulletins, and provide seminars and online training to improve the knowledge and skills base of engineers and design professionals. For more information, visit <https://www.cfsei.org/>.
